

CONCORD NATIONAL LITTLE LEAGUE PETITION FOR ADVANCEMENT TO PONY LEAGUE

It is the policy of Concord National Little League (“CNLL”) that players who are league age six (6) register for T-Ball.

Players league age six (6) who have played one (1) year of T-Ball in CNLL may petition the Board for advancement into Pony League.

The number of roster spots available to players league age six (6) will be determined upon completion of registration by the Player Agent with Board approval.

In order for all players to have an enjoyable Little League experience, it is expected that any player that petitions for advancement will have the ability to understand a higher level of baseball instruction. It is also expected that players who petition will demonstrate baseball skills required to throw, catch and hit from Little League field distances.

This petition does not guarantee advancement. Placement will be based on roster spots available and ability as determined by the Player Agent with Board approval.

This petition may be turned in at registration or sent to:
