VIOLATION OF RULES

Violations of the Interleague Play Rules and/or Little League Playing Rules constitutes a possible protest situation. If the protest is upheld, the game may be forfeited and the offending team, Manager, and/or coaches may be suspended from Interleague Play.

LITTLE LEAGUE RULES AND REGULATIONS

All LLB Rules and Regulations apply to all interleague games. These District 6 Interleague Rules are additional rules implemented by our District in order to standardize all Interleague Play. No District rule may be in conflict with any LLB Rule or Regulation. If any conflicts occur, LLB Rules and Regulations shall prevail.

DISTRICT AUTHORITY & AGREEMENT

According to Little League policy, the District is responsible for the oversight of Interleague Play. Each League that participates in Interleague Play must complete an **Interleague Play Agreement** with the District, which outlines adherence to LLB Rules and Regulations, as well as these District Interleague Play Rules. The matter of Interleague Play issues, disputes, and Rules violations are outlined in the Agreement. A copy of this Agreement is available on the District 6 website (FLD6.org), and is hereby incorporated into these Rules. Your league must complete and submit an endorsed Agreement in order to participate in Interleague Play. **Any participation in Interleague Play also signifies your league's endorsement of the Agreement.**

The District Protest Committee must be notified of all issues, disputes, and Rules violations.

GAME START TIME

Starting time shall be printed on the official game schedule and both teams must be at the game site at least 1/2 hour prior to that start time. 30 minutes after the scheduled start time a team that cannot field nine (9) players will automatically forfeit the game. Failure of a team to show for a scheduled game constitutes an automatic forfeit for that team.

RESCHEDULING GAMES

The Player Agents of programs involved have the responsibility to reschedule rained out games within seven (7) days of the original scheduled date of the game not played or on the first available open date, whichever comes first. The team that cannot show on the rescheduled date will automatically forfeit the game. In the event a team cannot field enough players because of a scheduled school, church, or scout function the game may be rescheduled within seven (7) days of the original

scheduled date of the game not played. The manager must have given at least five (5) days notice (days being Sunday through Saturday) prior to the school function to the District ADA, Player Agents, and opposing team. In the event a rescheduled game is rained out, it will not be rescheduled the second time until the end of the half season and then only if needed to determine the standing of either or both of the teams involved.

DISTRICT 6 INTERLEAGUE POOL PLAYER RULES

LLB OFFICIAL REGULATIONS – V (C) ALTERNATE METHOD OF OPERATION

To aid leagues that are having a difficult time getting enough players for their regular season teams the following option is available.

A pool of players from existing regular season teams can be created with players that are willing to participate in extra games during the regular season when teams face a shortage of rostered players for a regular season game.

NOTE: Players may not be “borrowed” from an opponent. They must be assigned by (league’s) the Player Agent.

LLB GUIDELINES

1. The league’s Player Agent will create and run the pool. The league’s Player Agent will use the pool to assign players to teams that are short of players on a rotating basis. Managers and/or coaches will not have the right to randomly pick and choose players from the pool.
2. Players used from the pool will not be allowed to pitch, except during the player’s own (team) regular season scheduled game.
3. Pool players that are called and show up at the game site must play at least nine consecutive defensive outs and bat once.
4. Pool players will be administered through the District ADA during Tournament of Champions.

DISTRICT 6 POOL PLAYER RULES

1. Pool Players **MUST** be submitted to the DA by March 1st (unless an extension is granted) on the “Interleague Team Roster Form”. The form is available at (www.FLD6.org) on the Interleague homepage.

2. If you use pool players, you must carry a copy of the Interleague Team Roster for the pool player’s team.
3. No team will have more than 10 players if using Pool players.
4. Managers are subject to a protested game if they do not meet the minimum play requirements for a pool player, regardless of a game shortened for any reason.
5. A pool player may only be substituted for one rostered team player. You may not substitute two pool players in a game for the same regular rostered team player (to be fair to your regular rostered team players).
6. Once a pool player has been substituted for a the rostered team player, the regular rostered team player may not be a substitute for another regular rostered team player. If a pool player starts the game, they must be substituted for a rostered team player after they have met their minimum play requirements.
7. Mandatory Play for pool players is 9 defensive outs and one time at bat. Pool players may not exceed mandatory play unless the regular rostered team player being substituted for is injured or ejected from the game.
8. If your team is using two pool players, a pool player may not substitute for a regular rostered team player (pool players must substitute for each-other). If you have three pool players, two pool players must substitute for each other and the third pool player may substitute for one regular rostered team player.
9. No regular rostered team player may be substituted for more than once during the Season until all regular rostered team players have been substituted for. This means that you cannot remove the same regular rostered team player every game for a pool player.
10. Every time a pool player is assigned, the Player Agent will provide notice to the District ADA for that division with the pool player’s name and what team they are to be used on. Failure of notification may lead to the ineligibility of that pool player to play in that or future games.
11. Any team using a pool player(s) must designate the pool player on their official lineup card. and notify the official scorekeeper and Umpire in Chief (UIC) on the field prior to the start of the game.
