

Milford Little League

1967-2007

Welcome To Milford Little League

All of us in the Milford Family are excited about the upcoming season. This year will mark forty years that Milford Little League has been making a difference in the Milford Community. Opening day will also mark the fifth year of our efforts to continually improve our facilities. Some of the improvements that are necessary in the coming year include:

1. The addition of a press box and storage shed at field 2.
2. The development of a "Field of Hope" for our special needs Challenger division.
3. Continuing updates in our concession facility.
4. The development of on site meeting space.

There are numerous ongoing projects in the park.

All capital improvements are funded through sponsorship donations. Some sponsors donate materials, some donate services, and most make cash donations. For each \$250 donation, of goods, services or cash, we place a banner on a field fence.

Five years ago, we began a rebate program to family's who bring new sponsors to Milford. For each new \$250 sponsorship a family brings to the park we will rebate \$50 of that family's registration fee.

Most all of us know someone who would be willing to support youth sports, if presented with the opportunity. Additionally Milford is a 501c3 non-profit organization. All donations are tax deductible and receipts can be mailed to all donors.

We have enclosed a sponsorship form, and more are available. Sponsorship helps defray the tremendous cost of not only running a youth sports organization, but also the expense of maintaining the property.

Our thanks in advance,
Milford Little League
