PRESENTS

SKILLS CLINICS FOR JUNE

We would like to take the opportunity to invite young, up and coming volleyball players in grades 5 thru 9 to participate in an exciting, challenging, and fun learning environment run by the coaches of Rain City Volleyball Club.

The clinics will emphasis the importance of passing, serving, setting, hitting, offense and defense that make up the game of volleyball.

We have a combined 25+ years of experience of coaching in the Puget Sound Region and at the High School level, with many of the coaches still active as players in the community as well. Come on out and see what these clinics will be able to do for the young players, both boys and girls to help advance this great game of Volleyball.
