July 16	Marietta, GA www.legacyshowcase.com
October 9	McKinney, Texas www.eteamz.com/glorycollegeexposure

What is a Fastpitch Combine?

A Showcase provides an athlete with the ability to display her individual position specific skills. A Combine provides an athlete with the ability to display her athletic and agility strengths through a series of tests. The Pitcher's Mound has partnered with Under Armour to create the UA Fastpitch Showcase Combines. These combines allow an athlete to display both their skills and strengths in front of college coaches. All athletes that attend an Under Armour Fastpitch Combine receive a free player profile on www.thepitchersmound.net that is accessible to all college coaches. All results from the UA Fastpitch Combines are placed on that player profile and visible to college coaches. All combine athletes are ranked based on their showcase and combine results by each event and by all events. Will you be an Under Armour Combine top athlete?
